Yes, you can bring necessary inhalers or diabetic medication and provide this to your RoofClimb Leader prior to the RoofClimb commencing. Please speak to the check-in staff on arrival.

What should I wear?

Please wear comfortable, weather appropriate clothing on the day of your RoofClimb – i.e. t-shirt and shorts for summer, and long sleeves and pants for winter. You will be provided a special RoofClimb suit to put on over your clothes. There are a limited number of change rooms located in the RoofClimb Centre if you need to change clothes.

Do I need special shoes?

No – we recommend that you wear comfortable, rubber soled shoes with sufficient grip i.e. running, hiking or sport shoes. PVC and leather soled shoes are not ideal as they can be slippery on the grated walkway.

Due to WH&S restrictions, you cannot take anything with you on RoofClimb. You will be required to remove or secure all loose items including rings, earrings, watches or other jewellery. Can I take my camera or phone with me?

No, unfortunately not. As the path of RoofClimb extends over open areas, participants cannot take any loose objects with them including cameras, GoPros, phones, tablet devices. This is due to WH&S regulations to safeguard against objects dropping and potentially injuring people below, or being lost in Adelaide Oval's turf potentially leading to player injury. experience. All participants will receive a complimentary photo as part of your RoofClimb experience with additional images available to purchase from the RoofClimb Centre.
